

# Trademark Center Beta

## A note about using this form

Trademark Center is a beta release with limited filing capabilities. Your usage and feedback will help us improve and expand its capabilities. If Trademark Center doesn't serve your filing needs, please use the [Trademark Electronic Application System \(TEAS\)](#), which is still the USPTO's primary trademark application filing tool.

Please carefully review the following criteria before using Trademark Center:

- You may apply to register a trademark if you're filing under only one basis. Right now, you can't select more than one filing basis.
- Your mark can't include any claims of use in another form, concurrent use of the mark by one or more other parties, or [Section 2\(f\) claims of acquired distinctiveness in part](#).
- Your application must request registration of your mark on the [Principal Register](#) and can't request registration on the Supplemental Register.

Using Trademark Center to file your application when it doesn't meet the above criteria could result in delays, additional fees, or even rejection.

By checking this box, you confirm that you have read and meet the filing requirements for Trademark Center. You also agree that if you're unable to complete your application in Trademark Center due to these limitations, you will use [TEAS](#).

☐ I agree

The [Trademark Manual of Examination Procedure Chapter 800](#) covers all trademark filing options and requirements, many of which can only be selected in TEAS.
