Subject: U.S. Trademark Application Serial No. 90708026 - NOTICE OF SUSPENSION

**NOTICE OF SUSPENSION
PENDING ADMINISTRATIVE REVIEW**

SERIAL NUMBER: 90708026
ISSUE DATE: December 16, 2024

This application has been suspended pending administrative review of suspected improper submissions made to the United States Patent and Trademark Office (USPTO) in connection with this application.

The USPTO is investigating a submission(s) made in connection with this application to determine whether such submission(s) violate the USPTO's trademark rules of practice, including the rules concerning signatures, certifications, and representation of others before the USPTO, and/or the terms of use for uspto.gov accounts.

The application will remain suspended until a determination has been made concerning whether to issue an order to show cause why sanctions should not be imposed to address the conduct at issue.

While the application is suspended, no further action will be taken in this application by the examining attorney, nor will you be able to file any submission through USPTO electronic systems regarding the application except for a Petition to the Director or TEAS forms for withdrawal of attorney or express abandonment.

However, an applicant must comply with the statutory requirements for filing a statement of use before expiration of the period for filing the statement of use regardless of the suspension status. TMEP §1109.16.

The USPTO's website includes resources about scam awareness (<https://www.uspto.gov/trademarks/protect/scam-awareness>), potentially misleading solicitations (<https://www.uspto.gov/trademarks/protect/caution-misleading-notices>), excluded parties (<https://www.uspto.gov/trademarks/trademark-updates-and-announcements/applicants-and-registrants-represented-excluded>), and sanction orders (<https://www.uspto.gov/trademarks/trademark-updates-and-announcements/orders-issued-commissioner-trademarks>). Also, trademark information specialists in the USPTO's Trademark Assistance Center are available to assist affected applicants.

If you believe that you received this notice of suspension in error, you may file a Petition to the Director to exercise supervisory authority to release the application from suspension and proceed with examination. See 37 C.F.R. § 2.146.
